Example Instantiations Of The Provided Sample Data With Our Object Oriented Programming UML Design: (Using One Example "University Of Calgary"): (PS: Sorry We Had Abit Too Much Information To Flt In One Page So We Used Two Pages For The Second Part):

University of Calgary 2500 University Dr NW Date: 2025-01-18

- Freda McDonald (female, b. 1986-06-03), suffering from a twisted ankle and light burns. She was not accompanied by her husband, Jo Bouillon, who is traveling and presumed safe. She is looking for her children: Teruya, Jari, and Luis Bouillon.
 - o Issued: personal toiletries kit and two sets of clothes
- Cornelia ten Boom (1972-04-15), sister Elisabeth (1965-08-19) and father Casper (1939-05-18) arrived at Pantheon. Elisabeth suffers from pernicious anemia
 - Cornelia and Elisabeth asked for volunteer duties.
 - o Issued: personal toiletries kit and two sets of clothing each

DisasterVictim(1)
